ABOUT THE INSTITUTION

Rajalakshmi Institute of Technology started in the year 2008, under the aegis of Sabari Foundation. Rajalakshmi Institute of Technology looks at education differently. The college grooms students academically, professionally and personally for a successful career. The college prepares students of diverse abilities, talents and interests to meet the new realities, challenges and requirements of the global market. The college aims not only to impart knowledge but also helps the students to be technocrats with high personal integrity. While encouraging liberal learning, the institution also nurtures ethical standards and values. The college is approved by All India Council of Technical Education, New Delhi & Government of Tamil Nadu and is affiliated to Anna University, Chennai. The College is certified by the ISO 9001:2008 for academic standards.

COURSES OFFERED

- B.E. – Computer Science and Engineering
- B.E. – Electronics and Communication Engineering
- B.E. – Electrical and Electronics Engineering
- B.E. – Mechanical Engineering
- B.Tech. - Information Technology

The college is located in Kuthambakkam village, 3 kms from Chennai, on National highway leading to Bangalore providing the right ambiance for the budding Engineers.

ABOUT THE PROGRAMME

The objective of the Department of Information Technology is to provide a quality learning environment, in terms of inspiring teachers, state of the art facilities, and experience sharing and widening the knowledge horizon, interacting with experts from academia and industries, facilitating the students in the process of their growth in the field of Information Technology. The Department of Information Technology programme was started in the year 2008. The department has a team of eminent faculty members and aspiring technocrats and has made rapid strides in a short period.

VISION

- To establish center of excellence in the latest technologies that caters to the requirements of the IT industries .
- To provide technical education to the students in the field of IT in line with technological changes in the spirit of learning and research .
- To facilitate the students to become engineer ingenious in hardware and software solution with the greatest degree of accuracy and flexibility based on latest Engineering and Technology paradigm .

MISSION

- To impart technical quality education to the students in order to become pioneering professionals to increase their living standards.
- Department of IT is converting students into employable graduates in global scenario.
- Preparing them to become balanced individuals as intellectually strong, Physically robust, Emotionally stable, Socially responsible and spiritually Enlightened.

ABOUT THE FDTP

Datawarehousing & Datamining has been gaining momentum from the recent days. The major focus of the FDTP is to provide a forum for researchers and academicians for exchanging ideas and views to boost their acumen. This programme has been designed with the view to give practical exposure for designing Machine Learning Frameworks.

RESOURCE PERSONS

Faculty members and Experts from Anna University, other Premier Institutions & IT industry.

REGISTRATION

There is no registration fee for the Faculty Development Training Programme. Selection is on first come and first serve basis.

Kindly send the filled scanned copy of registration form to
